

Pod

Hello,

It's Lucia here at luciaparties.com. I have been entertaining pupils from schools for many years now as a children's entertainer. I have some exciting news to share with you, as I have just become a published author. I have been performing the story of 'Pod' in schools all across the North West in the run up to my Book Launch event in Manchester on 29th November, where over 1000 people attended. The story was performed as a song, a play and a monologue to 16 groups of mixed-aged children and their families, all of whom I know personally, as they are birthday children in my 2014 diary. 500 special-edition copies of the story were printed for the children who attended the launch, and some were reserved for those children who couldn't make it on the day. The book has gone into mass production, with the intention of bringing the story into schools, not only in the North West, but nationally by 2016.

The book is a collaborative venture between myself and the children. The story is about a small, green lizard called Pod. The story has a powerful anti-bullying message. Pod is a unique, self-illustrative book. Children have the opportunity to produce a finished book, filled with their own creative illustration designs. I performed Pod in assemblies during my marketing campaign, I was welcomed by many schools including: Nevill Road, Alma Park, Adswold Primary, Cavendish Road, Meadowbank, Greenbank, Styal Primary, Gatley Primary, King's School Macclesfield, Lane End and St Winifred's. I have also performed the story of Pod at birthday parties, church groups, special schools and hospitals. I am visiting these children again in the New Year, to gain an understanding of the best way to make the book available to the children and their parents, as all schools run a little differently.

I would love to come and share the story of Pod in your school assembly, and I will be making myself available from 19th January, any time from 9.30 until 2.30 PM. The performance will last for approximately 35 minutes. The performance is for whole-school assemblies only, as the book translates to children in the foundation stage, and both key stages. Please see attached teachers' notes, for how to incorporate the story into your assembly and across the curriculum. The visit, including teachers' notes, illustration sheets and reward stickers, is completely FREE of charge. The book will be available to buy at £6.99 at www.luciaparties.com via PayPal. Copies will also be made available for pupils to purchase directly from my Pod Book Club team who can visit your school.

To follow the Pod Trail and find out more information, please visit our website at www.luciaparties.com, and click on the Pod icon. For updates and testimonials from schools, parents and children, follow me on Facebook at Lucia Davies.

If you would like me to come and share my story with all the children in your school, and present them with this amazing opportunity, please:

1. Choose a time and date that suits your assembly times best.
2. Email the Pod team at luciatheentertainer@hotmail.co.uk. Tell the children and the parents all about it!

I will require a parking space close to your school hall, as I will only need to arrive 15 minutes before your assembly as I only need to sign in at the office and obtain a visitor's pass, 5 empty chairs and hundreds of young imaginations!!

Pod wishes,

Lucia Davies x
Children's Author
